### FLIWAY LOGISTICS NEW WAREHOUSE AND OFFICES FOR AUCKLAND INTERNATIONAL AIRPORT LIMITED

This building provides 4000 sqm of secure warehouse, a 1200 sqm covered loading canopy, plus 200 sqm of offices for Fliway's logistics operations at Auckland Airport.

The core functions of warehousing, transportation and management are expressed in the building's three-block arrangement, which scales down the bulk of the facility and provides clear orientation from the street for visitors and container deliveries. The complex is designed to reflect the company's innovative and professional approach to the clients' requirements
